DETAILED ACTION

Allowable Subject Matter

1. Claims 1-18 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record, neither anticipates nor renders obvious the following limitations as claimed:

a) As for claims 1 and 12 the prior art of record does not teach or fairly suggests a solid-state imaging device having a front surface for receiving light and a back surface, said back surface contacting said projected surface of said metal plate, said imaging device being secured to said metal plate by adhesive applied at least to a corner edge portion formed by the inner circumferential surface of said at least one opening of the metal plate and said back surface of the imaging device in combination with other claimed elements.

a) As for claim 17 the prior art of record does not teach or fairly suggests contacting the back surface of said solid-state imaging device to said projected surface of the metal plate so as to close said at-least-one opening, anchoring said back surface to said projected surface by applying adhesive at least to a corner edge portion formed by the inner circumferential surface of said at-least-one opening of the metal plate and said back surface of the imaging device, and fixing said metal plate carrying said imaging device thereon onto said optical unit in combination with other claimed elements.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue
